

DOGS ARE WELCOME TOO!

At Terme Krka, we know that dogs are important family members for many, so we are happy to welcome them in our hotels. For a pleasant experience for all guests, we have prepared some simple guidelines:

1. Small dog breeds (up to 15 kg) that are not potentially dangerous and are older than 6 months are welcome.
2. Their stay is subject to an additional fee according to the valid price list.
3. **Guide dogs stay for free, with no weight restrictions.**
4. Other pets cannot be accommodated.

As the number of pet-friendly rooms is limited, please inform us about your dog when booking – provide breed and weight.

GOOD TO KNOW ...

- › Dogs must always be supervised during their stay at Terme Krka. They cannot be left alone in the room and should be on a leash or in a crate in public areas, wearing a muzzle if needed.
- › Dogs are not allowed on the beds; a special mat is provided in the room for their comfort.
- › Dog owners are responsible for cleanliness (including outside the hotel). Please inform staff in case of any "accidents" in the room.
- › Your dog should not disturb other guests with excessive barking or noise.
- › Bring a valid veterinary passport with proof of required vaccinations. Dogs must be healthy, chipped, and protected against parasites.
- › Dogs are not allowed in restaurants, pools, wellness centers, fitness, or medical facilities (except guide dogs).
- › A maximum of two dogs per hotel room is allowed.
- › Dog owners are responsible for any damage or inconvenience caused by their pet. Unregistered pets incur an extra charge, and the hotel reserves the right to cancel the stay.

As a dog owner, you are responsible for any damage or inconvenience caused by your dog. An additional fee will be charged for undeclared pets, and the hotel reserves the right to cancel the stay.

WE LOOK FORWARD TO YOUR
VISIT – AND TO MEETING
YOUR DOG, TOO!
